

# Ruler of My Heart

Nina Hagen

Driver of my soul  
Where can you be  
I wait patiently

My heart cry's out  
Pain inside  
Where can you be  
I wait patiently

When you're allone  
Well, go and get rough  
Come back, come back, come back  
I've had enough

Make my your queen  
Happy again  
You are my pride  
He is my king  
Love and peace is the only combination:  
One LOVE  
One LOVENATION
