

Secret's Out

No Angels

If that ain't your girl why she's over there?
Tryin' to get my attention, why would she care?
If that ain't your girl, why she's starin' at me?
Like I'm doing something that shouldn't be

But what I don't understand
You say your a single man looking over your
Shoulder all the time
But you wouldn't be nervous now
What you got to worry about
What you got to hide

Should have told me that you have a girl
How could you forget?
Did you think I wouldn't notice
That you get away with it
They say that two is a company,
But Baby three is a crowd
Should have told me that you had a girl
'Coz now your secret's out

If that ain't your girl, then why does she look so sad
If she don't even know you, wouldn't that demand?
If that ain't your girl, then tell me how come
You've got the same thing tattooed on your arm

But what I don't understand
You say your a single man looking over your
Shoulder all the time
But you wouldn't be nervous now
What you got to worry 'bout
What you got to hide

Should have told me that you have a girl
How could you forget?
Did you think I wouldn't notice
That you get away with it
They say that two is a company,
But baby three's a crowd
Should have told me that you had a girl
'Coz now your secret's out

It's out
It's out
That you didn't think I find out

Should have told me that you have a girl
How could you forget?
Did you think I wouldn't notice
That you get away with it
They say that two's a company,
But Baby three's a crowd
Should have told me that you had a girl
'Coz now your secret's out
