

Shoot The Moon

The summer days are gone too soon

F Emi F G

You shoot the moon and miss completely

C Ami/E Ami G

And now you're left to face the gloom

F Emi F G

The empty room that once smelled sweetly

Ami G C G

Of all the flowers you plucked if only

Ami G C G

You knew the reason

Ami G C G

Why you had to each be lonely

Ami G C G

Was it just the season

Now the fall is here again

You cant begin to give in

Its all over

When the snows come rolling though

You're rolling too with some new lover

Will you think of times you've told me

That you knew the reason

Why we had to each be lonely

It was just the season
