

Self Made

Obey the Brave

Let's run away
Who's coming with me?
Don't stay home!
Forever young
Life is short, go hard and have some fun

Let's run away
Who's coming with me?
Don't stay home!
Young blood 'til I die
Chasing my dreams, I'll reach the sky

That's right, I'm flying high
Can't seem to let it go
Ride the wave, follow the flow

Self made
Never fade
Playing all year
Getting paid

Self made
Set in stone
Never back down
Claim your throne

Don't stay home

Never give up, never give in
Dedication lies within
Don't wait another day
Follow me, I'll guide the way

Let's run away
Who's coming with me?
Don't stay home!
Forever young
Life is short, go hard and have some fun

Let's run away
Who's coming with me?
Don't stay home!
Young blood 'til I die
Chasing my dreams, I'll reach the sky

That's right, I walked the mile
Can't look the other way
Time to move, go out and play

Self made
Never fade
Playing all year
Getting paid

Self made
Set in stone
Never back down

Claim your throne

I'll face the odds, I hold my own

Don't stay home

Never give up, never give in

Dedication lies within

Don't wait another day

Let's run away

Leave it all behind, I'll do it my way

No more office time, no matter you say

Stay true, stick to my own roots

Fight for what I love, for what I dream of

My way, I'll do it my way

Out of control

Music's in my soul

Let's run away

Who's coming with me?

Don't stay home!

Forever young

Life is short, go hard and have some fun

Let's run away

Who's coming with me?

Don't stay home!

Young blood 'til I die

Chasing my dreams, I'll reach the sky
