

Short Fuse

Obey the Brave

It goes on and on.
Man, the beat goes on.
Short fuse. Short fuse.
Decimate everything in sight
I don't give a fuck if I'm wrong or right

Gonna make you sweat til you bleed
I wash my hands with the blood of my enemies
I'm seeing red, got a few loose screws
Trapped inside my head, short fuse.

Back off cause I will bite
Ain't going without a fight
No way out, gloves on, it's a title bout
Lace up, throw your fists up and shout.
Fear the scythe. Back off cause I will bite.
Ain't going out without a fight.

It goes on and on man, the beat goes on.
Short fuse. Short fuse.
Still here, still staying strong
I don't give a fuck if I'm right or wrong: no.
I said it before, I'll say it again
All I need is my girl and my friends.
I'm seeing red, got a few loose screws.
Trapped inside my head, short fuse.
Short fuse.
