## Obituary

You're rising  
Cure you of the dead  
You're dying  
Live beyond the way  
Falling thru the gates  
Scavenge you  
With the darkening light  
Thru the falling going low  
Thru the death of those  
The dying ...  
We're dying  
Healing of the one  
Falling of the days  
Charring in the sun  
We're dying  
Killing for the need  
Violence of the ways  
Slowly bleed  
Killing for the need  
Rising of the dead  
The falling ways  
The killing for the need  
.. darkened light  
The rising of the dead  
With the darkening light
