

Brace

Oceana

Let's brace again
Let's brace again

Oh, come closer
Let me rest my head on your shoulder
Feeling so nice, my heart start beatin' louder
And my lover, you make me feel so good, baby
Like you were sent here to save me

But let's take it slow, no need to rush
This happens every time we touch
Every time I see you I have to say

Let's brace again
Before the night is over and you're goin' home with your friends
Let's brace again
Let me whisper something in your ear so you can comprehend
Let's brace again
The way you make me feel, oh God, you know I can't pretend
Let's brace again
Brace again, let's dance again
Let's brace again

Get a little closer
Let me rest my head upon your shoulder
Feeling so nice, my heart start beatin' louder
What a beautiful finesse to discover
You make me feel so good, baby
Like you were sent here to save me

But let's take it slow, no need to rush
This happens every time we touch
Every time I see you, I have to say

Let's brace again
Before the night is over and you're goin' home with your friends
Let's brace again
Let me whisper something in your ear so you can comprehend
Let's brace again
The way you make me feel, oh God, you know I can't pretend
Let's brace again
Brace again, let's dance again

A-me-say, watch out, Oceana, perfect gal
Me and you get caught trippin' on Jah, don't be long
No di long, me and you half world watcher, say we are brace
Said it trip while it hears me

Just the way you make me feel when I dance with you
Baby, there is a way told me what my dance can do
When I slowly, I change color, one grey now slides to blue, baby
I feel so safe and secure when I'm next to you, yeah
Feelin' it slowly

It's just the way you make me feel when I brace up by you
Then the border liquor store, where wonders can do

Let's brace again
Before the night is over and you're goin' home with your friends
Let's brace again
Let me whisper something in your ear so you can comprehend
Let's brace again
The way you make me feel, oh God, you know I can't pretend
Let's brace again
Brace again, let's dance again
Let's brace again

(No more clothes to this, baby)
(I may have gotten into luna, no) Let's brace again
Brace again, let's dance again
Let's brace again
