

# My Business

Oceana

I don't wake up with a halo  
I don't know where the day will go  
I won't fight it, I just let it  
I just live in the moment  
So just let me be  
And I'll let you be

If I wanna kick it, I wanna kick back  
No one to tell me, I'm on the wrong track  
If I'm gonna lose it, I'm gonna win it  
I'm gonna start it, I'm gonna begin it  
I'll do it my way, you do it your way  
Always the right way, never the wrong way  
Just keepin' the realness, keepin' the feelin's  
What I do with it, is what I do with it

That's my business  
None of your business  
That's my business  
None of your business

Oh, enough of fallen lyrical  
As you're performin' miracles  
That's my business  
None of your business

I can do what I want  
I can do what I want

Life's too short, it's do or die  
First we learn to walk, then we yearn to fly  
I'm gonna live it, I'm gonna give it  
Whatever it takes, I'll stop at nothing  
I'll do it my way, you do it your way  
Always the right way, never the wrong way

That's my business  
None of your business  
That's my business  
None of your business

Oh, enough of fallen lyrical  
As you're performin' miracles  
That's my business  
None of your business (That's my business)

I can do what I want  
I can do what I want  
I can do what I want (Do, do, do, do, what I want)  
Do, do, do, do, do what I want

I can do what I want  
I can do what I want  
I can do what I want  
I can do what I want

It's my business (It's my business, baby)

None of your business  
That's my business  
None of your business

Oh, enough of fallen lyrical  
As you're performin' miracles  
That's my business  
None of your business

That's my business (That's my business)  
None of your business  
That's my business (That's my business, baby)  
None of your business

Oh, enough of fallen lyrical  
As you're performin' miracles  
That's my business  
None of your business

I can do what I want  
I can do what I want
