

## Lean

## Oh Land

Did you really carry me when I was asleep  
Did you try to defend me when I was weak  
Did you pick me up that lonely night  
When the lights died out  
And they turned to the gray side

Did you carry me when I was asleep  
Now you're out on the bottomless sea  
So it's time for you to lean on me  
Lean on me

Now you're out on the bottomless sea  
So it's time for you to lean on me

Did you lie for me  
To keep me safe  
Did you bare with me  
When I misbehaved

Far from here could you feel my fear  
When the lights died out  
And they turned to the gray side

Did you lie for me  
To keep me safe

Now you're out on the bottomless sea  
So it's time for you to lean on me  
Lean on me

Now you're out on the bottomless sea  
So it's time for you to lean on me  
Lean on me

Water falling down  
Frozen on the ground  
I'm trying to stop the light

Now you're out on the bottomless sea  
So it's time for you to lean on me  
Lean on me

Now you're out on the bottomless sea  
So it's time for you to lean on me  
Lean on me
