

Come And Walk With Me

Oleta Adams

God in all His wonder saw my foolish pride
When the clash and waves and thunder
fell upon my soul one night
Just as I was sinking in a sea of sin and shame
Grace steered my way of thinking
And I called on Jesus name
And through the dark, walking on the sea
I saw the Saviour reaching out to me
He said...

Come and walk with Me upon the water
Why won't You let Me be your guide?
Won't you take My hand and let Me gently lead
You safely to the other side

He calmed my doubts and sorrows
The waves of guilt and fear
And where He leads I'll follow
Cause I know He's always here
I just have to praise Him and thank Him everyday
Cause when I cry "Lord save me!"
I know He's on the way
When troubles rise, on life's stormy sea
I close my eyes and He's reaching out to me

Come and walk with Me upon the water
Why won't You let Me be your guide?
Won't you take My hand and let Me gently lead
You safely to the other side

Oh ye of little faith (why do you doubt?)
Why do you ever doubt?
Each time you kneel and pray
Your the one He cares all about

Come and walk with Me upon the water
Why won't You let Me be your guide?
Won't you take My hand and let Me gently lead
You safely to the other side
