

Never Far Away

Oleta Adams

Today as I went walking
I looked around carefully
at the things people worship, as their deity
Things they do to their bodies
That eats away at their minds
They want a Garden of Eden
But it's a place they'll never find

The idle things we worship
This is I proclaim to you, that
The God who made everything
Is the One I take my troubles to
And if you search for Him
He is never, never far from you

He's not a part of my imagination,
Nor made by human hands
He gives life and breath to every one
I'm just trying to make you understand
In Him we live and move and have our being
I heard the Scripture say
That the Lord has been patient
But He's coming one day
And if you search for Him
He's never far away

We live our lives to the limit
And lost our innocence
The Lord commands everybody
To humbles themselves and repent
But the One they crucified
That was raise up from the dead
Will judge the world in righteousness
He's coming just like He said

And if you search for Him
And grope, for Him,
You will find Him
He is never, fa-aaaarr, far away
Yea-eah...eah
Oooh Oooh never far away
Ohhhh, Oooh
He is never, faaaaarr..aarr
He is never, no, no, no, no

Say the Lord is coming back one day
Yes He is
The Lord is never, never, never faaaaarr away, Oh no
You can search for Him
You can call on Him
And grope for Him
Heeeeeeeee....
You will fin...d Him
Never, never, never, never, far away
Come now I know

Said if you asked

and search,
and grope,
Oh the Lord is never far away
Ooo

No, the Lord has been patient, yes He has
He's coming back one day...
