

Time To Shine

Olga Lounová

This is the year
And this is my life
It's finally here
This moment in time

'Cause this is the year
The year of my life
I dance and I cheer
It's time to shine
Shine
Shine
Shine
Wooo

It's time to shine
Shine
Shine
Wooo

Today is the day
Tonight is the night
When I start to live
The rest of my life

Today is the day
Tonight is the night
When I start to live
The rest of my life

This is the year
And this is my life
It's finally here
This moment in time

'Cause this is the year
The year of my life
I dance and I cheer
It's time to shine
Shine
Shine
Shine
Wooo

It's time to shine
Shine
Shine
Wooo

This
This
This day

And this
This
This day

And this

This
This day

Is this
This
This day

It's time to shine

And this
This
This is a year

This
This
This is mine

It's time to shine

This
This
This is mine

It's time to shine
Shine
Shine
Wooo

This is my life

It's time to shine
Shine
Shine
Wooo

I am so much stronger
Climb the mountain, reach the top
I am so much braver
And I'm never gonna stop

Today is the day
Tonight is the night
When I start to live
The rest of my life

Today is the day
Tonight is the night
When I start to live
The rest of my life

Today is the day
Tonight is the night
When I start to live
The rest of my life

Today is the day
Tonight is the night
When I start to live
The rest of my life

Everything I'm
Everything I'm
Everything I'm

Everything I'm
Everything I'm
Everything I'm
'Cause it's time to shine
