

When the music's on

Olga Lounová

All that I am
will never be enough for you
you're calling me names, but honey you ain't getting
through
I don't read the news I don't kneel for you cause there's nothing tha
t I need to prove
You can go on screaming I won't lose my feeling
Im turning up the music until I can't hear your bullshit

I turn on my song on and on and on
and it goes on Im strong when the music's on
Nothing can break me no no nothing can take me down
When the music's oh
When the music's oh oh oh oh on

I know who you are
you can't cover up your crimes
you shoot down the stars
But I can read between the lines
You where scare to fly you didn't dare to try
Now you will live and die a lie
So you can go on screaming
I won't lose my feeling
Im turning up the music
Until I can't hear your bullshit

I turn on my song on and on and on
and it goes on Im strong when the music's on
Nothing can break me no no nothing can take me down
When the music's oh
When the music's oh oh oh oh on

Gotta keep on dreaming keep believing this is me
And I won't give up until I find the key the melody
is playing just for me, don't stop the music
don't stop the music no no, don't stop the music
I gotta keep on playing on and on, on and on and on

I turn on my song on and on and on
and it goes on Im strong when the music's on
Nothing can break me no no nothing can take me down
When the music's oh
When the music's oh oh oh oh on

I turn on my song on and on and on
and it goes on Im strong when the music's on
Nothing can break me no no nothing can take me down
When the music's oh
When the music's oh oh oh oh on
