Don't Throw It All Away

Olivia Newton-John

Here we qo Breaking up what we have built Leaving out all the things that we have felt Where was I, where was I before you came From the first time that I saw you I thought Maybe I Maybe I did something wrong How I tried But the words won't fit the song Found the door But I could not find the key From the first time that I saw you I thought that you may be So don't throw it all away I don't wanna be the one who's gonna have to beg you stay I don't wanna be the one to change your mind One more time Please stay Don't throw it all away Though it seems That I just take it out on you Don't you know Only you can get me through Found the door Now I know that you're the key From the first time that I saw you I knew that you may be So don't throw it all away I don't wanna be the one who's gonna have to beg you stay I don't wanna be the one to change your mind One more time Please stay Don't throw it all away Don't throw it all away Please stay
