## **Mary Skeffington**

## Olivia Newton-John

Mary Skeffington, close your eyes And make believe that you are just a girl again Go to sleep tonight, dream of days When you had something there to light the way

Remember a holiday in a north of England town You slept in a room upstairs on a bed of eiderdown

Mary Skeffington, when you wake You mustn't be afraid to face another day Think of what you had, you'll get by You've always been a lady, hold your head up high

Look back on your home where you spent the best years of your life

Remember the man who asked you if you would be his wife
