

Pearls on a Chain

Olivia Newton-John

Every living thing on this earth has a heart
Every little thing that I am, so you are
And if you look in my eyes
You will see we are souls alike
We are Pearls
We are Pearls
We are Pearls on a Chain

Every day my sun rise will dawn where you are
Every night we sleep underneath the same stars
And if we stand face to face
We will see Love's amazing grace
We are Pearls
We are Pearls
We are Pearls on a Chain

And if you look in my eyes
You will see we are souls alike
We are Pearls
We are Pearls
We are Pearls on a chain
We are Pearls
We are Pearls
We are Pearls on a chain
... on a Chain
