

# Underneath the Same Sky

Olivia Newton-John

When it's snowing in December  
That's when I remember how it used to be  
I could smell my mama's cooking  
While Dad was outside looking for a Christmas tree  
Christmas time in summer is the way it is down under  
But the mood's the same  
When the presents were all open we'd have carols by the ocean  
While the children played  
One child was me  
And I still believe that's how it's meant to be

[CHORUS]

On Christmas eve  
All around the world  
Everybody's wishes are the same  
For peace on earth-

It can happen if we try  
We all share this dream  
Underneath the same sky  
Now that I'm a mother  
Christmas has another kind of joy for me  
Giving not receiving  
To those who are in need  
Is what the season means  
Our children see through you and me  
That's how it's meant to be

[CHORUS]

[BRIDGE]

So dream with me  
Cause you and I  
Are underneath the same sky  
Underneath the same sky
