

Stay with Me

OMD

Like a little child
You tried pretending for a while
But you'd feel the pain
Seems like I felled you once again

If only I could stop them falling
Falling down like rain
If only I could stop those tears that
Knock you down again

Stay
Why don't you stay
Stay with me

You could settle down
Give up the fight before you drown
But you stand alone
Cos your lonely house is not a home

If only time could fall or stomp
On all the years we claimed
If only time could heal us all with
No-one left to blame

Stay
Why don't you stay
Stay with me

If only I could stop them falling
Falling down like rain
If I could only stop those tears that
Knock you down again

Stay
Why don't you stay
Stay with me

Why don't you stay

Why don't you stay
Why don't you stay
Stay with me

Why don't you stay
Why don't you stay
Stay with me
