

# Saturday

Omen

Well I'm sick of all this nine to five grind, Jew boy boss  
Screaming for overtime.  
But it's never going to change, my life I would rearrange

Live everyday like a Saturday, live my life my way.  
Everyday like a Saturday. Snap those fucking chains and  
Make my way.

Cross my path get driven feel the pain. Take control like a  
Run away train. Feel the winds of change, time to vent out  
All of my rage.

Live everyday like a Saturday, live my life my way.  
Everyday like a Saturday. Snap those fucking chains and  
Make my way.

Everyday like a Saturday, live my life my way, everyday  
Like a Saturday. Feel my engine roar.

Now I wake up half past three broke and free, got  
Everything I need, time to vent out all my rage, live my life  
On stage

But it's never going to change, my life I would rearrange

Live everyday like a Saturday, live my life my way.  
Everyday like a Saturday. Snap those fucking chains and  
Make my way.
