

## Pass Out

### One Chance

What's... what's the quickest way to get gone, gone?  
And she say it's nothing like mixing up that... new bowl, oh  
Step right and go ahead, fix me up a couple of those, those  
First round, to the head, fuck it go on give me some more, oh  
Now who's gonna be first to pass out, don't get gone don't get put out  
We don't give a fuck, we just trying...

Now put your hands in the air if you're down to get wasted tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
And if you stoned like we stoned then we all gonna be fucked up tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
Now put your hands in the air if you're down to get wasted tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
And if you stoned like we stoned then we all gonna be fucked up tonight

Hey dj, I like the way you're spinning my songs, songs  
Cause tonight's a good night and everybody's here in the zone  
So I might just go ahead, spark up some of that good and get gone, gone  
Last call, alcohol, let's hit the afterparty for more, more  
Now who's gonna be first to pass out, don't get gone don't get put out  
We don't give a fuck, we just trying...

Now put your hands in the air if you're down to get wasted tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
And if you stoned like we stoned then we all gonna be fucked up tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
Now put your hands in the air if you're down to get wasted tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
And if you stoned like we stoned then we all gonna be fucked up tonight

Now put your hands in the air if you're down to get wasted tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
And if you stoned like we stoned then we all gonna be fucked up tonight  
Pass out, pass out, pass out  
Pass out, pass out, pass out  
Now put your hands in the air if you're down to get wasted tonight  
Pass out, pass out, pass out

Pass out, pass out, pass out

And if you stoned like we stoned then we all gonna be fucked up tonight.
