Infinity

One Direction

Down to Earth Keep 'em falling when I know it hurts Going faster than a million miles an hour Trying to catch my breath some way, somehow Down to Earth It's like I'm frozen but the world still turns Stuck in motion and the wheels keep spinnin' 'round Moving in reverse with no way out

And now I'm one step closer to being Two steps far from you When everybody wants you Everybody wants you

How many nights did it take to count the stars? That's the time it would take to fix my heart Oh, baby, I was there for you All I ever wanted was the truth, yeah, yeah

How many nights have you wished someone would stay? Lied awake only hoping they're okay I've never counted all of mine If I tried, I know it would feel like infinity Infinity, infinity, yeah Infinity

Eyes can't shine Unless there's something burning bright behind Since you went away, there's nothing left in mine I feel myself running out of time

And now I'm one step closer to being Two steps far from you When everybody wants you Everybody wants you

How many nights did it take to count the stars? That's the time it would take to fix my heart Oh, baby, I was there for you All I ever wanted was the truth, yeah, yeah

How many nights have you wished someone would stay? Lied awake only hoping they're okay I've never counted all of mine If I tried, I know it would feel like infinity

Infinity, infinity, yeah
Infinity
Infinity, infinity

How many nights did it take to count the stars? That's the time it would take to fix my heart Oh, baby, I was there for you All I ever wanted was the truth, yeah, yeah How many nights have you wished someone would stay? Lied awake only hoping they're okay I've never counted all of mine If I tried, I know it would feel like infinity Infinity, infinity, yeah
