

Always Coming Back

ONE OK ROCK

I'm always coming back to you

Some nights we fight, we scream
We don't know what to do
But I guess it's just the simple things
That people they go through

But another night the glimpse I see the real one that's you
And I know that nothing will stop me from standing again

I'm always coming back to you
You've got me till the end
I'm always coming back to you
You keep pulling me in
I'm always coming back

Oh Woah
Time goes by yeah
Oh Woah
Time goes by

Se wo mukereba mukeru hodo ito shiku
Mukiae mau hodo hana rete iki sou de
Katachi no nai futarashi kana mono wo sagasu
And I know that nothing can stop me from standing again

I'm always coming back to you
You've got me till the end
I'm always coming back to you
You keep pulling me in
I'm always coming back

Oh Woah
Time goes by yeah
Oh Woah
Time goes by
Oh

Asu moshimo kimi ga soko ni nakute mo
Kowakunai tte ieru kurai tsuyoku naru yo
I gotta find the way and place to keep you here with me

Some nights we fight, we scream
We don't know what to do
But I guess it's just the simple things
That people they go through

Oh Woah
Time goes by yeah
Oh Woah
Time goes by
Time
Time goes by
Oh Time
Time goes by

Some nights we fight, we scream

We don't know what to do
But I guess it's just the normal things
That people they go through
