

what happened to your bush
it's not the same
something in your hedge
made a violent change
we come we see
we dive and destroy
and anhilating shrubs is what we enjoy
hedge core hedge dive hedge core
we're doin hedges to stay alive
it's anarchy night every night of the year
with chaotic mayhem
we keep your bush in fear
terrorist assasins of creative gardening
fucking up your hedge here's what we sing
