

Fe-tish-a

Day glow all of you
Made for those little sick ones
Played out in super drag
Mistreat another piece of you
Pleasing you was trick
Raping you all with a stick
Arming up with more reasons to snap you out of bliss
Cut out of aleister fiend
Your entering this machine
Glaring one eye for me
Just a second and a chance to see you
Violated by a crowd of me
It's getting bigger like you used to be

Tell them all she won't be back cause she needed a change
Turned away from her fears
She's been falling down
Tell them all she's gonna be gone, gone, gone
Just listen to me
Cause she needed the friends

Leaving your new found cool
What will you do sick one, oh no
Promising your filthiness
Something strange or catalyst
Fetisha
This beloved perversion Fly over, come to kill what you do
Bend over, come to CURE all of you
Slide over, come to kill what you do
Glide over, come to CURE all of you

She will always be
She will always be because she needed the friends
She will always know me
She needed the fringe deemed to follow the fears before she goes
she will always know me

Tell them all she won't be back cause she needed a change
Turned away from her fears
She's been falling down
Tell them all she's gonna be gone, gone, gone
Just listen to me
Cause she needed the friends
