

Need a Line

Other Lives

I don't need a line to pull me out
I don't need a line to pull me out
I don't need a line to pull me out
But I never wanted this

I don't need a friend to pull me out
I don't need a hand to fill my cup
I don't need someone to come to me
But I never wanted any of this

I'll push and pull away from this
I'll pretend dead in the sun
Watch for my next escape
Cause I never wanted this

I don't need a line to pull me out
I don't need a line to pull me out
I don't need a line to pull me out
But I never wanted this
No, I never wanted any of this

I'll push and pull away from this
I'll pretend dead in the sun
Watch for my next escape
Cause I never wanted this
