

# Ain't Done Yet

Otherwise

Demigods sittin' on top  
Sellin' nonstop  
They got the world on lock  
They better, they better step the fuck down  
We gotta, we gotta take back the crown  
Keep poppin' those pills, watch 'em set it all off  
Kick back in the cut as the tomahawks drop  
I think I'm, I think I'm goin' insane  
Watchin' the world as it goes up in flames

Superficial yearning  
While the world is burning  
Ashes, ashes  
We all fall down...

We were born and bred  
To be more than living dead  
They try to bury us alive (alive)  
We are not the ones  
Who are burning out the sun  
We'll keep fighting for our life, you can bet (you can bet)  
We ain't done yet, yet  
We ain't done yet, yet

The state keeps stealin' your stocks  
Snatchin' your crops  
Shut 'em down, open up shop  
Don't let 'em pull the wool over your eyes  
You'll never, you'll never see through the lies  
Like a sniper, keep your rifle cocked  
Getcha front sight up, better take that shot  
You gotta, you gotta open your mind  
You better open up ya mind

Superficial yearning  
While the world is burning...

We were born and bred  
To be more than living dead  
They try to bury us alive (alive)  
We are not the ones  
Who are burning out the sun  
We'll keep fighting for our life, you can bet (you can bet)  
We ain't done yet (yet)

You think so comatose  
So scared I might expose ya  
You keep your enemies close  
I keep my shotgun closer  
(Shotgun closer, shotgun closer  
Shotgun closer, shotgun closer)  
I keep my shotgun closer!

We were born and bred  
To be more than living dead  
They try to bury us alive (alive)  
We are not the ones

Who are burning out the sun  
We'll keep fighting for our life, you can bet  
We'll keep fighting for our life, you can bet, no  
We ain't done yet, yet  
We ain't done yet, yet
