

Angry Heart

Otherwise

How do you figure out who you are
Busted knuckles and bleeding scars
Where do you run when it's time to hide
To the angels above, or the devil inside

Who is all bite, and who is all bark
The wolf of light, or the wolf of dark
When winter comes, will you stay alive
Gonna keep head hunting till the day we die

Now it's standing face to face
Embrace the monster I'm becoming
Now I fill myself with hate
All the good in me has fallen
So let me play the part
Me and my angry heart

How do you know when the time is right
What do you choose, is it fight or flight
Where do you run when you ain't got a home
To the castle on high, or the ghetto below

Who is all bite, and who is all bark
The wolf of light, or the wolf of dark
When kingdom come, who is by your side
The angel of death, or the angel of life

Now it's standing face to face
Embrace the monster I'm becoming
Now I fill myself with hate
All the good in me has fallen
So let me play the part
Me and my angry heart

This is my gift to you
This is my gift to you
Covered in black and blue
This is my gift to you

Now it's standing face to face
Embrace the monster I'm becoming
Now I fill myself with hate
All the good in me has fallen
So let me play the part
Me and my angry heart
