

Close to the Gods

Otherwise

Are you willing to do
What it takes to be truthful?
Can you cut through the filth
And get down to the beautiful?

Now I'm crawling on a face of stone
I'm trying hard to leave a mark
So reckless on a path unknown
Hoping to catch a spark

Getting close to the gods
And the Devil is falling
Now there's no way to stop
No escape from the calling
So you don't fall behind
We're holding the line
Fighting for life as we climb
Close to the Gods
All the temples are falling
Getting close to the gods

Feel the energy slip
Through your hands as you witness
All the steel turn to rust
We are sand we are ashes and dust

Now I'm crawling on a face of stone
I'm trying hard to leave a mark
So reckless on a path unknown
Hoping to catch a spark

Getting close to the gods
And the Devil is falling
Now there's no way to stop
No escape from the calling
So you don't fall behind
We're holding the line
Fighting for life as we climb
Close to the gods
All the temples are falling
Getting close to the gods

Now I'm crawling on a face of stone
I'm trying hard to leave a mark
So reckless on a path unknown
Hoping to catch a spark

Getting close to the gods
And the Devil is falling
Now there's no way to stop
No escape from the calling
So you don't fall behind
We're holding the line
Fighting for life as we climb
Close to the gods
All the temples are falling
Getting close to the gods

Close to the gods!
