

Enjoy the Pain

Otherwise

Aaah [x4]

You
You like to cut me open
Through and through
So you can leave me broken

I used to love the sight of sunshine
But now I pray for rain
Hating myself so I'd feel better
Cause you know I enjoy the pain

Aaah [x4]

Love
Is like a heart in a blender
Round and round
With a hole in the center

I used to love the sight of sunshine
But now I pray for rain
Hating myself so I'd feel better
Cause you know I enjoy the pain

I'm so sadistic and masochistic
I painted my lips with blue
Dead and bloated
Roll me over
As I'm turning blue

I used to love the sight of sunshine
But now I pray for rain
Hating myself so I'd feel better
Cause you know I enjoy the pain

I used to love the sight of sunshine
But now I pray for rain
Hating myself so I'd feel better
Cause you know I enjoy the pain
You know I enjoy the pain
You know I enjoy the pain

Aaah
Aaah
You know I enjoy the pain
Aaah
Aaah
You know I enjoy the pain
Aaah
Aaah
You know I enjoy the pain
Aaah
Aaah
