

## Eyes of a Tragedy

Otherwise

Plagues by sleepless hours  
Drowned by guilty ways  
Betrayed by wilted flowers  
Upon a stranger's grave  
Crystal blue lies forged by fire  
Eclipse by your eyes (this hero's dying!)

An angel died so you could feel alive  
Hide the pain inside, I believe in you! (I believe in you!)  
A tragedy, a new philosophy of what it means to bleed  
Don't peel the skin, open up your wounds

'Cause I believe in you!

Breaking down the door, it leads to nowhere  
A closet full of bones for me to lay my head  
In this private holy war, your soul is laid there  
A sorry thought for you (to wake the dead!)

An angel died so you could feel alive  
Hide the pain inside, I believe in you! (I believe in you!)  
A tragedy, a new philosophy of what it means to bleed  
Don't peel the skin, open up your wounds

And I believe in you!

All your tears, a wall which she was painting  
Can the sprits walk with able chain made?

A mother died so you could feel alive  
Hide the pain inside, I believe in you! (I believe in you!)  
A tragedy, a new philosophy of what it means to bleed  
Don't peel the skin, open up your wounds

'Cause I believe in you!

'Cause I believe in you!
