

Shadows

Otherwise

I let you go, it took so long
To figure out just who you are
But now I know that you were wrong
You've become a living scar

Everyone needs some time on their own
To face their fears and believe in something
Someday, you'll know how it feels to be all alone
As cold as stone

When I see your face is hidden by the shadows
I don't know you anymore
When I hear your voice, I refuse to follow
'Cause I've heard this all before

Even though it's over now
I wish that I had never cared
But, now I know, I see somehow
That you were never really there

Everyone needs some time on their own
(To figure out just who they are)
Someday, you'll know how it feels to be all alone
As cold as stone

When I see your face is hidden by the shadows
I don't know you anymore
When I hear your voice, I refuse to follow
'Cause I've heard this all before

Yeah!

When I see your face is hidden by the shadows
I don't know you anymore
When I hear your voice, I refuse to follow
'Cause I've heard this all before
