

Somehow

Otherwise

I forget sometimes
Who I am when I'm inside of you
Apart of you
I can offer you no peace of mind
When I regret the things I do
I never meant to break you down
I never meant to cause such pain in eyes so blue
I wish that could lift you
And hold you head in mind
Against my weary face

And all my walls are breaking down

And I would do anything
Just to feel you one more time
And somehow find a way
For me to hide my pride

I never needed anyone
Until the day that I met you
And fell for you
Now, I'm afraid of all the things I've done
I'd never want to hurt you, too
I wish I could be everything
Anything you needed every time for you
In everything you do
Can I keep my promises?
Can I hold myself to this
And watch you turn away?

And all my walls have broken down

And I would do anything
Just to feel you one more time
And somehow find a way
For me to hide my pride
I would give all that I am
Just to hold you by my side
And somehow find a way
For you to dry your eyes

And if you let me go
I don't really know
If I could face these demons on my own
And I would do anything
Just to feel you one more time
And I would give everything to you

And I would do anything
Just to feel you one more time
And somehow find a way
For me to hide my pride
I would give all that I am
Just to hold you by my side
And somehow find a way
For you to dry your eyes
