

The Death of Me

Otherwise

Your skin on mine invites the very breath inside my mouth
But hopefully, the candle will keep us from burning out
Burning out tonight
Blood runs hard inside my veins
Feels so good, it hurts sometimes
The wicked fountain brings the rain
To quench this heated thirst of mine
A thirst I can't help feeding (yeah)

Touch my soul, and I'm still on fire
Never thought I'd have the strength to make you come (to me)
Therein lies my one desire
Every time reminds me you're the only one for me

I trace the lines
Of every curve (every curve) across your naked flesh (across my
naked flesh)
I gratefully hear your heart beat deep inside your chest
A heart that's beating for me
And I am one with you
Addicted to a heart worth breaking
I will come for you
Every time you...

Touch my soul, and I'm still on fire
Never thought I'd have the strength to make you come (to me)
Therein lies my one desire
Every time reminds me you're the only one for me

My everything: you
Don't you lie to me! (don't you lie to me!)
You are everything, everything I need
Everything that I can see
'Cause inside of you, I feel like I could fly

Touch my soul, and I'm still on fire
Never thought I'd have the strength to make you come (to me)
Therein lies my one desire
Every time reminds me you're the only one...
Touch my soul, and I'm still on fire
Never thought I'd have the strength to make you come (to me)
Therein lies my one desire
Every time reminds me you're the only one for me!

My beautiful addiction (my beautiful addiction)
