Iron Curtain

Over the Rhine

Yesterday I saw The iron curtain Around your heart Yesterday I saw Making me cry Making me wonder Bringing me down But making me love you Making me sad Making me sorry and A little afraid But making me love you Yesterday I saw The iron curtain Around your heart Yesterday I saw The iron curtain Around your heart The iron curtain Around your heart Making me cry Making me wonder Bringing me down But making me love you Making me sad Making me sorry and A little afraid But making me love you Yesterday I saw The iron curtain Around your heart Yesterday I saw The iron curtain Around your heart
