New Redemption Song

Over the Rhine

Lord, we need a new redemption song Lord, we?ve tried, it just seems to come out wrong Won?t You help us please, help us just to sing along A new redemption song, a new redemption song

Lord, we need a new redemption day All our worries keep getting in the way Won?t You help us please, help us find the words to pray To bring redemption day, to bring redemption day

Lord, we need a new redemption song Lord, we?ve tried, it just seems to come out wrong Won?t You help us please, help us just to sing along A new redemption song, a new redemption song
