

1979

Pain Of Salvation

It was 79', and the world seemed more kind
And it was still okay to be a modest.

The 60's were gone, but the soul lingered on,
And the 80's were still just a promise

And I remember me and you

To children at six, the pain with stains,
And ever without in the forest.
Our grand fast was strong, and our parents still young
And the world seemed a little more honest

And I remember me and you

All still find 1979
Let me hide 1979

Do you remember... (2x)

'Cause I remember, me and you
