

We Will Meet

Pale Young Gentlemen

Where is my heroine?
Moony eyes and pearly skin.
If you are a lie, I am a liar.

We will meet someday soon,
unaware and out of tune, you will
panic in a way I'll later find to be
your style.

We will meet someday soon,
it will terrify you.

I had a dream, you had your doubts.
Love, it won't bear the weight of
a crown.

Chorus

I don't rely on things, I don't' rely on
things, but I'm reliant on you and
you're reliant on me.

I set fire to things, I set fire to tings,
I'll set fire to you, I'll set fire to me.
We will meet someday soon, it will
terrify you.
