

Waiting for the Final Leaf to Fall

Paper Route

Don't wanna be here
I feel alone with everyone
This is the first year
And still I play the second son

Falling in a line, I waited
In a line, I waited

The season's in a crawl
I'm waiting for the final leaf to fall
The season's in a crawl
I'm waiting for the final leaf to fall

Go get your bags packed
I'll probably see you on the run
I'm right behind you
Fast as a bullet leaves a gun

Falling in a line, I waited
In a line, I waited

The season's in a crawl
I'm waiting for the final leaf to fall
The season's in a crawl
I'm waiting for the final leaf to fall
