

# How To Make A Love Song

Parokya Ni Edgar

The 1st part of this song, I guess  
Should start with something sweet  
Cause lovesongs often do, and you know  
Me, I'm such a geek  
For songs that I can sing to you  
And I'm hoping this could be one  
And I hope that you would like  
Me... este... like it when I'm done

The 2nd part is easy to mess up with  
Somethng cheesy  
So I better choose my words cause I  
Don't want it to be mushy...  
Coz' that's the thing with lovesongs  
And that's the tricky part  
It's hard not to sound corny when you're  
Singing from the heart

And when the chorus comes, I must come up  
With something clever  
Cuz For you it's just a lovesong but for me  
It's now or never!  
And though I tried my best to make it  
Beautiful and true  
I Could Never Make A Song As  
Beautiful As You...

And when the chorus comes again, I must  
Say something clever  
Cuz For you it's just a lovesong but for me  
It's now or never!  
And though I tried my best to make it  
Beautiful and true

I Could Never Make A Song As  
Beautiful As You...  
I Could Never Make A Love Song  
As Beautiful As You...
