I never thought I'd see the day
When love would finally come our way
'Cause baby, you and I both know
That it had a long way to go
A long way to go

It never really was like this
I used to think you were a bitch
You really hated me way back then
We tried to keep it that way but can't

'Cause now we hold the hands of those we used to hate
Call it stupid but I call it fate

Pa-parap-pa-pa-pa-pa-pa
Pa-parap-pa-pa-pa-pa-pa
Pa-parap-pa-pa-pa-pa-pa
Pa-parap-pap-pap

Now, you never fail to make me smile
My life with you is now worthwhile
And all alone I never knew
A day would come when I love you

'Cause now we hold the hands of those we used to hate
Call it stupid but I call it fate
