

Sing

Parokya Ni Edgar

Speak and be heard
Or don't and regret
It's easier said than done
But things left unsaid

They rot and they fester inside you
Turn you into someone
You despise altogether
So please don't you fret

Because I have a solution
This is just a suggestion
But it works, for me

Just sing
Like you never have before
Let your voice blow down the door
And then you'll be heard

Just sing
Like you never have before
Let your voice blow down the door
And then you'll be better
Because then you'll be heard

The world may be cruel
But that doesn't mean everybody is too
I'm sure that you'll see
That it ain't half as bad as it might seem to be

Though at times
No matter how hard you try
And it still makes you cry
Take the time to breathe

And sing
Like you never have before
Let your voice blow down the door
And then you'll be heard

Just sing
Like you never have before
Let your voice blow down the door
And then you'll be better.
Because then you'll be heard.

Sing
(Close your eyes and sing)
Like you never have before
(Forget everything)
Let your voice blow down the door
(And the universe)
And then you'll be heard.
(Is waiting)

Just sing
(Close your eyes and sing)

Like you never have before
(Forget everything)
Let you're voice blow down the door
(And the universe)
And then you'll be better
(Is waiting)

Just sing
(Close your eyes and sing)
Like you never have before
(Forget everything)
Let your voice blow down the door
(And the universe)
And then you'd be better
(Is waiting)

Just sing
(Close your eyes and sing)
Like you never have before
(Forget everything)
Let your voice blow down the door
(And the universe)
And then you'd be better
(Is waiting)
