

# Dust In The Summer Rain

Parov Stelar

This time you have to walk alone  
Don't call me, I blast my nasty phone  
I left the place that you go home  
I left the place that you go home  
Don't you know I died for you  
Like the dust in the summer rain

Said you none  
Said you none

Don't you know I died for you  
Like the dust in the summer rain

Don't you know I cried for you  
Like a boy, like the fallen crane

Don't you know I died for you  
Like the dust in the summer rain

don't you know i fight for you  
like the flame

Said you none  
Said you none

Don't you know I died for you  
Like the dust in the summer rain

Don't you know I cried for you  
Like a boy, like a fallen crane

Don't you know I died for you  
Like the dust in the summer rain

Don't you know I cried for you  
Like a boy like a fallen crane

Don't you know I died for you  
Like the dust in the summer rain

don't you know i fight for you  
like the flame  
Said you none

Don't you know i died for you  
Like the dust in the summer rain
