

He Leaves You Cold

Passenger

Standing on your doorstep my love
So aren't you gotta invite him in
Well isn't he everything you want
Oh no, I forgot, you want everything

Well, your mom, she says he's the perfect catch
And your dad he tells you you're the perfect match

But I know, I know he leaves you cold
He leaves an ice cube in your heart
And a snowflake in your soul
I know, I know, I know
That he leaves you cold

See him tapping on your window my life
But you're pretending that you're not there
But he's in your car parked outside
Oh no, you forgot to turn the lights off upstairs

Well, your friends, they tell you he's what you need
But how the hell would they know what you need

But I know, I know he leaves you cold
He leaves an ice cube in your heart
And a snowflake in your soul
I know, I know, I know
That he leaves you cold

Well I know that you're lonely
Even when he's around
Well my love is not the only game in town

Yeah well I know, I know he leaves you cold
He leaves an ice cube in your heart
And a snowflake in your soul
I know, I know, I know
Yeah well I know, I know, I know
Said I know, I know, I know
