

## Dance Miserable

Patrick Stump

The right side's in the wrong  
And what's left's just holding on  
And the public has been privatized  
But I believe in something here on earth  
When did the punks stop being mad?  
They penned love songs while we got had  
The hippies sold out traded pot for coke  
Moved to the 'burbs found god in a vote

But I believe in something here on earth  
Just dance like you're disappointed in the world  
Just dance miserable  
Sorry Hank, there's room in here  
Had squares in the oval for about 8 years  
It's as bad as I remember and it's only getting worse  
It only gets better when it hurts

But I believe in something here on earth  
Just dance like you're disappointed in the world  
Just dance miserable

Unemployed?  
Dance  
Foreclosed?  
Dance  
Uninsured?  
Dance  
Climate change?  
Depressed?  
Depressed?  
The decline of western civilization?

Just dance like you're disappointed in the world  
Just dance miserable
