

# Can't Bring Me Down

Patti LaBelle

Don't tell me you still love me  
Don't make me feel this way  
Don't tell me you're thinking of me  
You know it's late to change

You were the one to leave  
You said you did not love me  
Now you're coming back right on track  
Just like you always do

You can't bring me down  
I have come too far this time around  
You know I'll always love you

Can't bring me down  
I have finally reached a higher ground  
And you know I'll always love you

I know you don't mean to hurt me  
Just can't make up your mind  
You've got to understand me  
I've wasted so much time

You are my shining light  
I get that you are sacrificed  
Now I'm moving on, it's time to be strong  
There's better days ahead

You can't bring me down  
I have come too far this time around  
And you know I'll always love you

Can't bring me down  
I have finally reached a higher ground  
And you know I'll never forget you

Can't bring me down  
No no no no

(Can't bring me down)  
Can't bring me down  
I have finally reached a higher ground  
You know I'll always love you

(Can't bring me down)  
I have come too far this time around  
You know I'll always love you

Don't tell me you still love me
