

# Need A Little Faith

Patti LaBelle

This I know is true, all my life  
It's been hard for me to just let go  
And to trust someone again  
And oh, I will be alright, still I can't let go  
So I hold too tight

And I've been hurt like you in my life  
But you just go on and start again  
Since you left the sun shining  
I know that your heart won't break  
It'll just get strong, it's a choice we made with our life

Hold on to me and we'll be stronger  
Together, stronger forever  
Gotta have a little faith  
To help us see things through

And I agree that we live our lives  
With a hope we'll find that special one  
Who knows all that we can be each day  
It's a chance we take if we just hold on  
Only love's at stake this time

Hold on to me and we'll be stronger  
Together, stronger forever  
Gotta have a little faith  
To help us see things through  
(This I know is true)

Yes, we need a little faith, a little bit  
Together, me and you  
(I believe that we)  
(Oh we need)

Yes, we need a little faith, a little bit  
(A little bit)  
To help us see things through  
(You and me, together, forever)

Yes, we need a little faith, a little bit  
Together me and you  
(That's all we need, that's all we need)

Yes, we need a little faith, a little bit  
To help us see things through  
(A little faith, a little bit of me that's all we need, that's all)
