

## Every Little Bit

Patty Griffin

It's funny how a morning turns a love to shame  
Disguised and disfigured and you thought I tasted like rain  
There`s nothing here but a shadow nothin here  
Now you know  
Now you know  
Now you know  
Now you know  
There's nothin here but the shadow, and now you know

I spit, I spit in the eye  
I tear, I tear out my heart  
and I scatter the bits  
I stay unseen by the light  
I stay untold by the truth  
I'm sold by a lie  
By this I am able in all of my travels  
To make these memories quit  
But tonight I clearly recall every little bit

I can chew like a cannibal  
I can yell like a cat  
I even had you believing that I really really like it like that  
But there was never a moment  
Not a moment  
Now you know  
Now you know  
Now you know  
Now you know  
You ever got within a hundred million miles of my soul

I spit, I spit in the eye  
I tear, I tear out my heart  
And I scatter the bits  
I stay unseen by the light  
I stay untold by the truth  
I'm sold by a lie  
By this I am able in all of my travels  
To make these memories quit  
But tonight I clearly recall every little bit

You left open the window till the morning  
And the winter walked in  
Reality fired her wooden bullet  
Splintered under our skin  
They say I'm walking on freedom  
This is freedom  
Now I know  
Now I know  
Now I know  
Now I know  
I still don't blame you for leaving, baby  
It's cold living with ghosts

I spit, I spit in the eye  
I tear, I tear out my heart  
and I scatter the bits  
I stay unseen by the light

I stay untold by the truth  
I'm sold by a lie  
By this I am able in all of my travels  
To make these memories quit  
But tonight I clearly recall every little bit
