

# Falling Down

Patty Griffin

Falling down  
I'm falling down  
I need to sleep  
Come a long, long way  
No time for weepin'  
No time for weepin'  
Quiet now, I'm falling down  
I'm falling down

I have heard  
A million tales  
I have told  
A million more  
Some of them  
Must have been true  
But I don't know anymore  
I'm falling down

So do your dance on my head  
Every step's  
Sverything this stone surrounds'  
Falling, falling, falling, falling  
Falling, falling down  
I'm falling down
