

Leavin'

Paul Brandt

C'mon hurry
Ain't no time for worrying
Gotta go
Move on
Just leave the lights on
Grab some clothes, set those sights on
that 4 lane road
I'm gone

In a truck, in a train, in a car, in a bus
Change my luck, Can't stay, Going far, In a rush
Got that getaway feeling
I'm Leaving

Trust me
Something better's gotta be
Right around
This next turn
Gonna be just fine
Toss the map, don't look behind
Push that pedal down
Burn

Here I go

(In a truck, in a train, in a car, in a bus
Change my luck, Can't stay, Going far, In a rush
White lines, Exit signs, Can't fly
Fast enough) (second) (solo)
Black top, Rail way, Spinning wheels
Don't stop
If you're waiting on me
You're backing up
Got that getaway feeling
I'm Leaving
