

## Ain't No Love

Paul Carrack

Ain't no love sweeter than my baby's love  
She is above anyone I know  
Ain't no kiss sweeter than my baby's kiss  
They're what I miss when I go away

You might think she's got me in her pocket  
That ain't the worst place I could be  
No arguments, be honest with yourself  
I bet that you wish you were me

I've been all around the world  
I've known all that a woman can do  
I've been busy saving up my love  
To bring it all home to you

Ain't no love sweeter than my baby's love  
She is the one above anyone I know  
Ain't no kiss sweeter than my baby's kiss  
They're what I miss when I go away

Can tell me she's no supermodel  
That don't mean anything to me  
She is a woman from her head down to her toes  
Oh it's plain for anyone to see

Well you know I don't ask for much  
No what you get is what you see  
That is why I don't need to roam  
I got all a man could need

Ain't no love sweeter than my baby's love  
She is the one above anyone I know  
Ain't no kiss sweeter than my baby's kiss  
They're what I miss when I go away

Well you know I don't ask for much  
No what you get is what you see  
That is why I don't need to roam  
I got all a man could need

Ain't no love sweeter than my baby's love  
She is the one above anyone I know  
Ain't no kiss sweeter than my baby's kiss  
They're what I miss when I go away
